

Vanita Vishram Women's University
School of Commerce and Business Management
Course Code: CO21070
M.Com. Semester: II
Core Course – 5: Research Methodology
Credit: 5 (Theory-4 and Practical-1)

Objectives:

To help students to

- Acquaint with research procedure to conduct good quality research in the field of their interest.
- Orient with different stages of research process that can help them to conduct their final semester project work in an effective way.
- Develop research aptitude which will help them to take well informed decision in their professional work

Course Content:

Module	Content	Weightage
1.	<u>Introduction</u> <ul style="list-style-type: none"> • Importance of research in different fields • Stages of whole research process • Defining a research problem • Steps to define a research problem • Different types of research design 	25%
2.	<u>Data Types and Data Collection</u> <ul style="list-style-type: none"> • Primary and Secondary data • Methods of Primary and secondary data Collection • Survey research and questionnaire design • Sampling techniques 	25%
3.	<u>Data Analysis</u> <ul style="list-style-type: none"> • Presentation of data through graphs & tables • Measures of central tendency • Measures of variation • Correlation and regression analysis 	25%
4	<u>Report Writing</u> <ul style="list-style-type: none"> • Structure of a Report • Presentation (Writing style) of a report 	15%
5	<u>Practical</u> <ul style="list-style-type: none"> • Practical problem solving • Group activity • Guest lecture 	10%
